MLTSS LEADERSHIP SUMMIT

About the Conference

The MLTSS Leadership Summit, hosted by the National MLTSS Health Plan Association, brings together leaders from across the healthcare spectrum and provides engaging conversations about solutions to the biggest challenges in managed long-term services and supports (MLTSS) and integrated care today.

This exclusive event serves as a platform for State and Federal policymakers, health plan senior leaders, provider organization executives, and subject matter experts to discuss key issues and form collaborative partnerships.

Recent Summit sessions have tackled complex and timely issues, including the direct care workforce, value-based payment, self-direction, quality measurement, and major policy changes such as the Access Rule and HRI.

For more information about the event, visit the Summit [website](https://mltss.org).
