About Us

National MLTSS Health Plan Association

The National MLTSS Health Plan Association is a national association of the leading managed care organizations that deliver high-value, quality managed long-term services and supports (MLTSS) for state Medicaid programs and beneficiaries. Association members also operate Integrated Plans for dually eligible beneficiaries. Our organizations serve the majority of MLTSS and the Medicare-Medicaid markets.

Representing the Full Range of MLTSS and Integrated Plans

Association members represent the spectrum of MLTSS health plans, including large, national MCOs with MLTSS contracts in multiple states and regional and community-based MCOs, both for-profit and non-profit. Member plans operate in all 24 states that offer MLTSS.

Preferred Vendors

Preferred Vendors are select companies who serve individuals relying on long-term care services and supports. Vetted by the Association's board, these companies demonstrate their leadership and commitment to the Association's goal of providing the highest quality care to vulnerable populations.

Since 1960, **Benchmark Human Services** has been committed to comprehensively supporting populations with complex needs. We provide an array of services to over 20,000 children and adults across the country, including individuals with autism, intellectual and developmental disabilities, behavioral health needs, substance use, dual diagnoses, and high-acuity medical conditions.

Benchmark has become a go-to partner for health plans, payers, and other partners, developing innovative solutions to address complex challenges, improve outcomes, and drive value. Our mission is to help people live as independently as possible, be included in the community, and reach their full potential.

CareBridge

926 Main Street
Nashville, TN 37206
carebridgehealth.com

For more information:
Beth Riha, Vice President
beth.riha@carebridge.com

CareBridge is one of the nation's leading value-based care companies serving Medicaid, Medicare, and dual-eligible members. CareBridge is a fully licensed and credentialed medical group, leveraging in-home technology to support members in achieving improved quality of care and greater independence.

Our innovative clinical programs address the whole person including physical, behavioral, and social needs. We have two primary solutions: 24/7 Member Support (Medical) and Decision Support (HCBS), and two complementary solutions: Benefit Alignment and Electronic Visit Verification.

Our programs consistently engage high-need populations to reduce unnecessary hospital and ED visits. We partner closely with health plans, care managers, and providers to ensure seamless, coordinated care.

QCSS
HEALTH

QCSS Health

625 Massachusetts Ave,
Suite 200
Cambridge, MA 02139
qcsshhealth.com

For more information:
Matthew King, CEO
matt@qcsshhealth.com
(857) 576-0628

At **QCSS Health**, we are laser-focused on simplifying the complexities of MLTSS service delivery through innovative, data-driven solutions that result in greater cost-efficiencies, more equitable access to care, and improved health outcomes.

Our solutions enhance MLTSS programs in three steps: identifying inconsistencies in assessment data for correction, validating resource allocation and service delivery, and aggregating, analyzing, and forecasting financial performance. This ensures accurate reimbursements, improved utilization management, and reliable financial results. With our streamlined approach, you can better navigate the complexities of MLTSS and integrated care programs, allowing you to focus on what matters most – enhancing outcomes for your members.

ShiftAbility

PO Box 29122
Cincinnati, OH 45229
shiftabilityconsult.com

For more information:
Brian Hart, CEO
brian@shiftabilityconsult.com

ShiftAbility is a transformation consulting group specializing in enabling technology and remote support solutions for I/DD providers. We partner with agencies to design and implement sustainable service models that reduce reliance on traditional staffing and improve outcomes for the people they support. Our services include strategic planning, implementation support, staff training, and access to Heylo—our remote support platform built for I/DD settings. ShiftAbility has helped agencies across the country launch technology-first programs that align with HCBS rules, meet compliance standards, and increase independence. We empower providers to own their remote support future.

TenderHeart Health Outcomes

11310 US-290,
Austin, TX 78737
tenderheart.com

For more information:
Roger Brown, Chief Growth Officer
rbrown@tenderheart.com

For two decades, **TenderHeart** has been improving members' lives with programs that reduce health care costs by improving quality. TenderHeart began as a typical durable medical equipment (DME) provider in 2004 — under the name Longhorn Health Solutions — but since then we've become a national leader in providing high-quality supplies and care management, which enables us to reduce inappropriate utilization and cost. Our programs include:

- [Incontinence management through value-based arrangements](#)
- [Health Rewards](#): Our Health Rewards member engagement programs improve health outcomes for health plan members by providing evidence-based products to target areas such fall risk management, immunizations, diabetes, and many more.
Due to the value-based nature of our incontinence program and improved health outcomes resulting from our programs, managed care organizations (MCOs) realize substantial savings while also improving the health of their patients.

The Helper Bees

4203 Guadalupe St
Austin, TX 78751
thehelperbees.com

For more information:

Teresa Sansone Ferguson, Client
Engagement Specialist
Teresaf@thehelperbees.com

The Helper Bees is a nationwide leader in advanced technology solutions, providing Medicare Advantage plans and Long-Term Care Insurance carriers with access to an innovative, scalable digital ecosystem for the delivery and administration of supplemental benefits in and around the home.

Our homeAlign® platform automates provider credentialing, fulfillment, invoicing, and payment, enabling the seamless administration of supplemental benefits. With the introduction of our flexible spending card, helpful™, we streamline and integrate a wide range of in-home services with over-the-counter products and other covered expenses. Our all-in-one solution empowers plans to allocate funds efficiently while meeting each member's personalized needs.

TRUALTA

Trualta
